

## SELLEYS PLASTCOAT PC7X WITH AIR COMPRESSOR

Selleys Plastcoat PC7X with Air Compressor is a powerful spraying unit for indoor and outdoor use. It is ideal for the application of textured plasters and coatings of up to 3 mm grain size, and is also suitable for filler compounds, bonded thermal insulation systems and other decorative, highly viscous and coarse materials.

**Compact Handle**  
for easy manoeuvring

**50L Plastic Material Hopper**  
large capacity minimises refilling for large jobs and is easy to clean

**Built-in Air Compressor**  
requires no separate licence to operate

**Built-in Pressure Gauge**  
enables optimal control of pressure in accordance with the material in use, and minimises maintenance

**Sturdy Tyres**  
for easy manoeuvring and navigation of worksites

**Rotor-stator Break-free Programme**  
ensures smooth startup, prevents dry runs and extends service life

Type	Screw Pump
Motor	DC Brushless
Rating	2.2 kW / 3 hp
Voltage	220 V / 50 Hz
Max. Delivery Rate	18 L/min
Max. Pressure	30 bar / 435 psi
Max. Spray Height	30 m
