

SELLEYS PLASTCOAT PC9X WITH AIR COMPRESSOR

Selleys Plastcoat PC9X with Air Compressor is a powerful spraying unit for indoor and outdoor use. It is ideal for the application of textured plasters and coatings of up to 5 mm grain size, and is also suitable for filler compounds, bonded thermal insulation systems and other decorative, highly viscous and coarse materials.

SELLEYS PLASTCOAT PC9X WITH AIR COMPRESSOR

Compact Handle
for easy manoeuvring

Built-in Air Compressor
requires no separate licence to operate

50L Plastic Material Hopper
large capacity minimises refilling for large jobs and is easy to clean

Built-in Pressure Gauge
enables optimal control of pressure in accordance with the material in use, and minimises maintenance

Sturdy Tyres
for easy manoeuvring and navigation of worksites

Rotor-stator Break-free Programme
ensures smooth startup, prevents dry runs and extends service life
