

WAGNER SUPERFINISH 23 PRO

The SuperFinish 23 Pro is a powerful and durable sprayer that is designed for perfect finishing results. Thanks to its flexible suction hose, materials such as dispersions, latex paints, and lacquers can be drawn directly from the original container for maximum convenience. With advanced diaphragm pump technology, the unit can deliver exceptional reliability and continuous operation with minimal material quantities.

Tidy: hoses can be conveniently stowed away thanks to the integrated hose holder

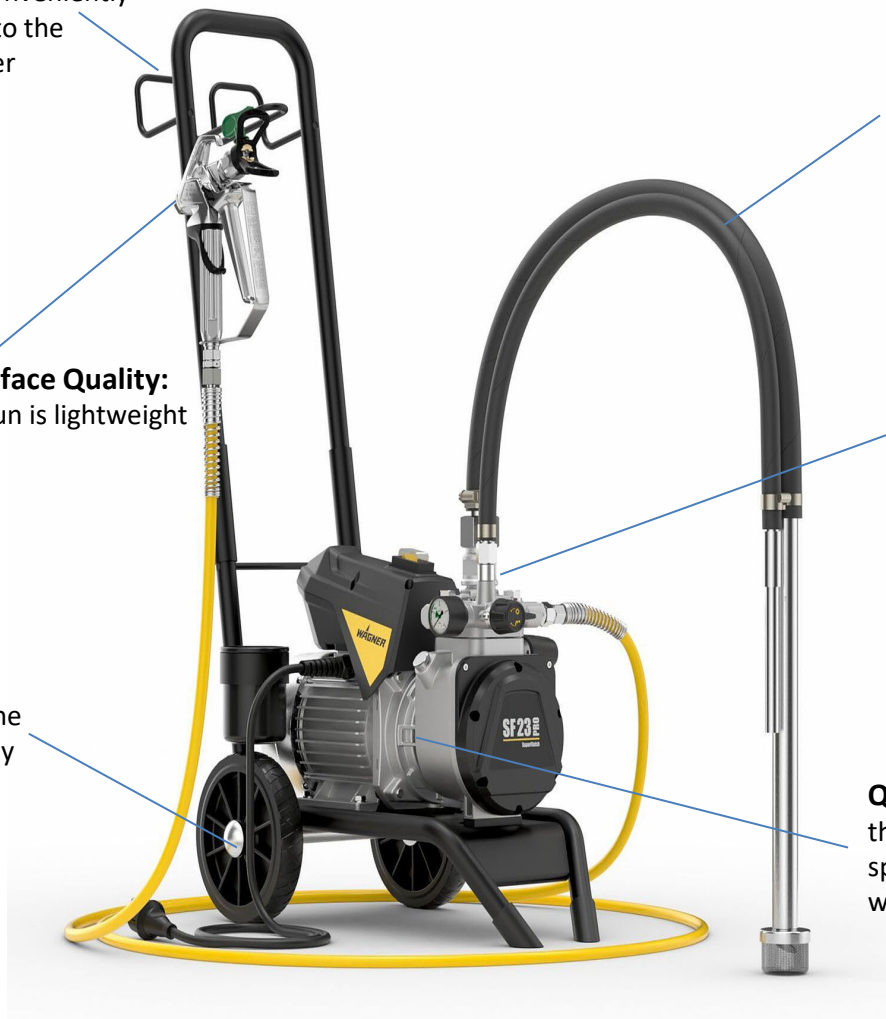

Flexible Suction Hose: direct suction from the original container

Achieve Excellent Surface Quality: the Vector Pro airless gun is lightweight and built to last

HEA Pressure Gauge: the pressure inside the spray device can be checked at any time. HEA tips can also be used in the low-pressure range (ideally at 80 – 140 bar).

Robust design: durable tyres make the perfect partner on any construction site

QLS long-stroke technology: the optimized hydraulics and special valve make it suitable for wide range of coatings

Max Nozzle Size	0.023"
Max Delivery Rate	2.6 L/min
Operating Pressure	250 bar
Motor Output	1.3 kW / 1.7 hp
Voltage	220 V / 50 Hz
Technology	Diaphragm
Weight	27 kg
