

POWER MOTION PLASTCOAT PC3

The Power Motion Plastcoat PC3 is a versatile spraying unit designed for both indoor and outdoor applications. With the ability to spray up to 10 meters high and handle grain sizes up to 2mm, it is an excellent choice for large-scale construction projects. It is ideal for applying filler compounds, textured plasters, cementitious coatings and viscous materials such as Mapelplastic High Flex, Silcor 580 and Formceal Type R on walls and roofs.

Compact Handle:
For easy manoeuvring and navigation of worksites

Built-in Air Compressor:
Seamless operation without the need for a separate air supply

Tilttable Mixer:
Easy insertion of the mixer into the hopper to reduce manual effort and enable operational efficiency

Large-Capacity Hopper:
Minimizes the need for frequent refills and ensures hassle-free maintenance

Wide Hose Outlet:
Allow smooth and efficient output of material and flow rate

Max. Operating Pressure	40 bar / 580 psi
Max. Delivery Rate	4 L/min
Max. Spray Height	10 m
Motor Output	1.8 kW / 2.41 hp
Voltage	220 V / 50 Hz
