

## SUPERFINISH 23 CR WITH SUCTION HOSE

SuperFinish 23 CR with Suction Hose is your reliable colleague for perfect results with maximum control for multiple applications. The unit is a robust and durable airless paint sprayer. Low viscosity materials such as lacquers and varnishes up to thick materials such as emulsions and facade paint can be optimally processed.

### Flexible:

Direct suction with a flexible suction system

### Ergonomic Working:

With the light weight and robust Vector Pro airless gun

### Brushless Motor:

Easy to maintenance and reliable

### HEA Pressure Gauge:

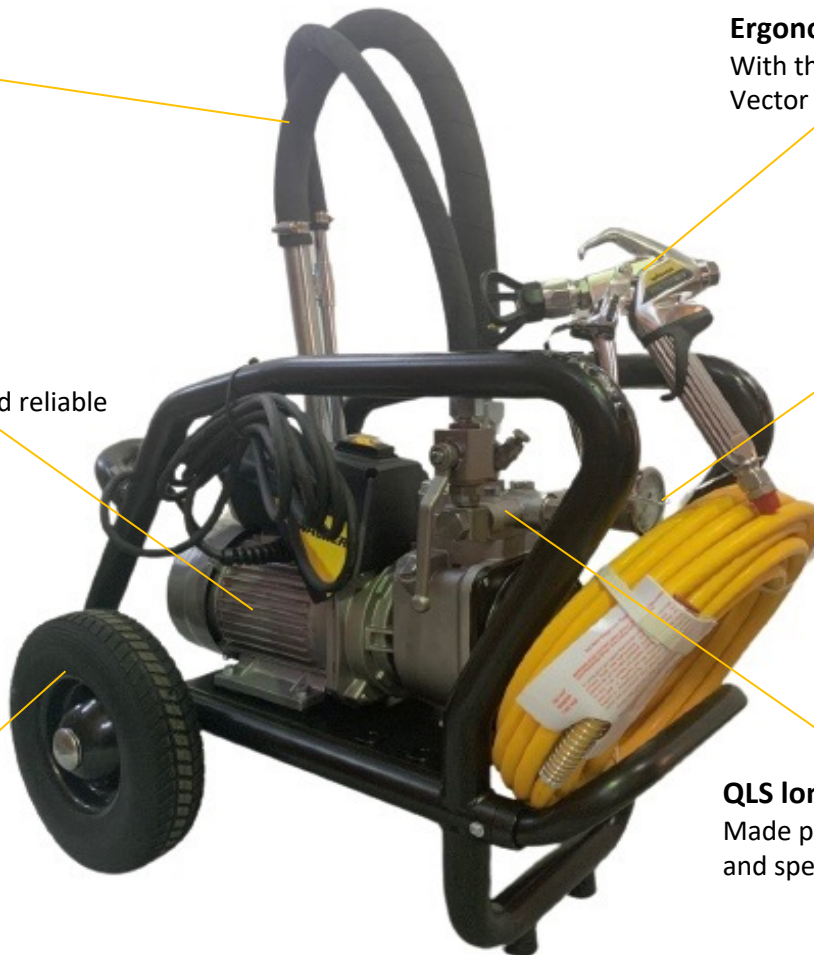

Allows easy monitoring of the spray device pressure

### Robust Tyres:

Allow easy transport across even the most challenging terrain

### QLS long-stroke Technology

Made possible by optimized hydraulics and special valve technology

<b>Max Nozzle Size</b>	0.023"
<b>Max Delivery Rate</b>	2.6 L/min
<b>Operating Pressure</b>	250 bar
<b>Motor Output</b>	1.3 kW / 1.7 hp
<b>Voltage</b>	220 V / 50 Hz
<b>Technology</b>	Diaphragm
<b>Weight</b>	29 kg
